Payment Options Explained

Payment Option A - Raising the Minimum Sponsorship

You pay the non-refundable Registration Fee to Global Adventure Challenges. This is used to administer the challenge, and to secure airline seats and relevant permits. You then commit to raising the minimum sponsorship and send it to your chosen charity as you raise it - 80% of the minimum sponsorship MUST be received by the charity no later than 11 weeks before departure. Failure to do so may mean non-participation in the challenge. Your chosen charity will decide when the remaining 20% should be received - this is normally a couple of weeks after your return to the UK - proof of pledges may be required. The Challenge Costs will be paid for you by your charity out of the sponsorship raised. Do try and raise as much as you can, as every penny you raise over the minimum sponsorship will be retained by your charity too! There will also be an Airport Tax & Fuel Surcharge contribution invoice to pay. This must be paid at 8 weeks prior to departure.

Payment Option B - Self Funding Option

You pay the non-refundable Registration Fee to Global Adventure Challenges. Please note, that the Registration Fee is non-refundable as it is used to administer the Challenge, and also secures airline seats and relevant permits. Eleven weeks before departure, you will receive an invoice for the Challenge Cost and Airport Tax & Fuel Surcharge contribution (as outlined overleaf). This is in addition to the Registration Fee and must be paid no later than 8 weeks prior to departure. Although there is no minimum sponsorship target, you are encouraged to raise as much as possible for your charity, should you choose to fundraise.
